Coordinate. Integrate. Connect. —Your career in **Supply Chain Management**

Through Northeastern University's Graduate Certificate in Supply Chain Management, you will have the opportunity to enrich your career in an increasingly multi-faceted and growing field.

As business models around the world have become increasingly international, this flexible, part-time program encourages students to look at supply chain management through a global lens. Upon completion, you can apply your new knowledge and skills to essential business operations.

CAPTURE REAL-WORLD EXPERIENCE IN OUR BOSTON CLASSROOMS

Northeastern University's reputation in supply chain management education has been driven by an outstanding faculty of active supply chain professionals from a variety of industries. Gartner, Inc., a leader in information technology research, continually recognizes Northeastern's supply chain graduate program as one of the top 25 programs in the country.

You will benefit from the expertise of leading practitioners who share their practical insights from the front lines of supply chain management. The supply chain curriculum centers on the idea of forward thinking business practices—understanding the most reliable, cost-effective ways to source materials, assemble products, manage inventory, and deliver products. Develop your core knowledge to keep pace in an increasingly fascinating and rewarding field as advances in information technology continue to reshape manufacturing, transportation, inventory control, and customer relationship management. Your coursework will include:

TWO REQUIRED COURSES:

- Operations and Supply Chain Management
- Global Supply Chain Management

ELECTIVES (SELECT TWO OR THREE):

- Logistics and Transportation Management
- Executive Roundtable Supply Chain Management
- Sourcing and Procurement
- Supply Chain Analytics
- Sustainability and Supply Chain Management
- Managing Emerging Issues in Supply Chain Management
- Managing Healthcare Supply Chain Operations
- Demand Planning and Forecasting
- Management of Service and Manufacturing Operations

> GRADUATE CERTIFICATE IN **SUPPLY CHAIN MANAGEMENT**

GLOBAL EXPERTISE. REAL-WORLD EXPERIENCE.

All certificate courses are taught by Northeastern University full-time faculty—leading practitioners in their respective fields, with active industry connections. Each faculty member understands the challenges of today's global economy. They are seasoned experts and are committed to your success.

YOUR CAREER, YOUR DECISIONS—AT YOUR PACE

Fast-track your curriculum and complete your certificate in as little as one semester, or spread out and take up to three years to complete.

With evening and weekend classes offered on-campus, as well as an online option for some courses, you can accelerate your career without missing a beat. You may come to campus just one night a week or choose to take multiple classes each semester. Designed for working professional students, courses are offered with two start times: 5:20 p.m. and 7:30 p.m. Monday–Friday. You will study alongside business minded students, while learning from world-class faculty.

No GMAT or GRE test scores are required to apply, so you can pursue your goals right away.

Build your business knowledge. Boost your credentials.

LET US HELP YOU GET STARTED.
