

"I chose D'Amore-McKim because of its relationship with employers and its timetable. Its corporate network is extensive including most of the top accounting firms, who are very familiar with the work ethic of the university's students and alumni. The 7-month program is a perfect fit for me because I am able to complete it right after finishing my undergraduate degree in accounting and just in time for the busy season."

## YOUR CPA EXAM. YOUR REWARDING CAREER. **HERE'S A FAST TRACK TO BOTH.**

Heading for a great career in public accounting? You want to get there as soon as possible. With our MS in Accounting, you will prepare to sit for the CPA exam in just 7 months.

Our program is approved by the Board of Public Accountancy in Massachusetts, and the university is accredited by the AACSB. And, in the last three years, by the end of the program, **100% of our students with authorization to work in the U.S. were employed full-time by U.S. accounting firms.**

Your success will begin in the classroom. Our faculty is comprised of CPAs, including former partners in national and regional CPA firms. They are currently active consultants in the business community, ready to present you with real-world public accounting issues and challenges.

What's more, our Audit and Tax sub-track offerings allow you to specialize your studies even further. In the Audit track, students take courses geared towards being a professional in the audit and assurance industry. This means extensive exposure to ethics, auditing research, forensic accounting, and a detailed understanding of the industry environment. In the Tax track, students get exposure to the

intricacies of the tax industry with detailed coursework and experience with tax research and communications, state and local taxation, income tax accounting, and international taxation.

**Our strong alumni network offers a built-in advantage for the job market.**

Our MS in Accounting program brings new resources to your all-important network. You will form relationships with students, employers, world-class faculty, guest lecturers, and alumni with backgrounds in a variety of companies and industries. As you advance your career in the marketplace, you will find these connections to be invaluable.

Trust your accounting career and your CPA exam to the proven leader in the field. Get on the fast track now and see how just 7 months can make a big difference.
