The integration of academic thinking with authentic, experiential learning is an approach that will equip you, inspire you, and position you for career acceleration. Specially designed for the working professional, you complete your degree on your own timetable, set your schedule, and specialize in an area that meets your career goals. You may commit to courses just one night a week starting at either 5:20 p.m. or 7:30 p.m., or accelerate your degree by taking multiple classes at once, including classes online and on Saturdays. Below is the suggested curriculum if you begin in September.
