Welcome to a unique model of business education, powerfully fusing world-class academics and meaningful business experience.

With experiential learning at the core, our MBA connects you to the pulse of today’s rapidly changing business world. Your 55-credit program begins with one semester of MBA foundation courses and a career management course. In your second term, your concentration and elective courses begin, which includes opportunities for experience-powered learning. Your second and final year includes a paid corporate residency that lasts for 3 months, 6 months or up to 12 months, in addition to earning the remaining credits toward your degree.

* † A personalized course plan will be developed based on student interests and needs. A student will work closely with their advisor on this piece.
** For those pursuing a MBA x Computer Science concentration without a computer science background, there are 5 additional bridge courses required.
† Corporate residency example timeline is based on 6-month residency. Residency timing may vary, but typically begins in June.

The curriculum is subject to change by D’Amore-McKim faculty. Not all electives may be offered every term. You are encouraged to work with your academic advisor when planning your schedule.

Reinventing the MBA to meet today’s high-tech demands and prepare you to lead in this era of digital convergence.

A truly reimagined business education model, the Full-Time MBA program offers you the opportunity to earn both a business concentration at D’Amore-McKim and an interdisciplinary MBA x concentration in partnership with another Northeastern University college, if you so choose. This pairing of concentrations is designed to give you a comprehensive framework in business and leadership combined with skills in another key area, such as artificial intelligence, game design and analytics, media innovation and advocacy, and bioinformatics, to name a few. You’ll select two business concentrations or one business concentration and one MBA x concentration. Choosing one of these MBA x concentrations allows you to blend your business-related aspirations with areas of expertise outside the business school.

**BUSINESS CONCENTRATIONS**
- Business Analytics
- Corporate Innovation and Venturing
- Entrepreneurship
- Finance (Corporate or Investment)
- Healthcare Management
- International Business
- Leading People and Organizations
- Marketing
- Supply Chain Management

**MBA x COMPUTER SCIENCE CONCENTRATIONS**
- Select one business concentration and one concentration from the Khoury College of Computer Sciences:
  - Artificial Intelligence
  - Cybersecurity
  - Data Science
  - Software Development

**MBA x LIFE SCIENCES CONCENTRATIONS**
- Select one business concentration and one concentration from the College of Science:
  - Biotechnology Industry
  - Bioinformatics

**MBA x DESIGN AND COMMUNICATION CONCENTRATIONS**
- Select one business concentration and one concentration from the College of Arts, Media and Design:
  - Experience Design
  - Game Design and Analytics
  - Data Visualization
  - Media Innovation and Advocacy

*Choose two business concentrations if not choosing an MBA x concentration.
**For those pursuing a MBA x Computer Science concentration without a computer science background, there are 5 additional bridge courses required.*
