

# → PlusOne MS in Accounting Curriculum

**Gain a competitive edge—prepare for your future in accounting now.**

The D'Amore-McKim PlusOne MS in Accounting provides rigorous training in accounting along with additional credit hours required for CPA licensure. Count credits toward your master's as an undergraduate, and finish your degree in as few as three months after graduation with an option to specialize your studies in either audit or tax.

The first step is to talk with your undergraduate advisor and an MS in Accounting advisor, ideally, during your sophomore year to enroll in the appropriate classes during the summer of your junior year. Options may be limited after this time frame.

## Undergraduate Prerequisites

<b>PRIOR TO SUMMER 2 START</b>	20 credits
--------------------------------	------------

- ACCT 1201: Financial Accounting
- ACCT 2301: Managerial Accounting
- ACCT 3401 and 4501: Financial Reporting I & II

Dependent on specialization, you will need to complete one of the following:

- ACCT 4412: Auditing and Other Assurance Services
- ACCT 4414: Income Tax Determination and Planning

<b>PRIOR TO UNDERGRADUATE GRADUATION</b>	8 credits
--	-----------

- ACCT 3304: Business Law and Professional Ethics
