

Finance

MASTER OF SCIENCE

Northeastern University D'Amore-McKim School of Business

MASTER THE FINANCIAL SIDE OF BUSINESS

Are you a high achiever looking for a rewarding career in finance? D'Amore-McKim's MS in Finance offers a rigorous 12-month STEM curriculum in quantitative finance that integrates economics, mathematics, and computer science with financial theory and application.

As a finance professional today and in the future, you will need knowledge of finance and quantitative and technical skills. Why? Because technology is upending the financial services industry. To keep pace with fintech innovations and new regulations, you must stay sharp—mastering data and technological skills as well as uniquely human skills.

Quantitative and Technical Skills.

Our curriculum is designed to help you develop the mathematically demanding quantitative skills and fintech expertise required in today's rapidly changing financial services industry.

Human skills. Our esteemed faculty and career services staff will help you develop interpersonal and communication skills through your class projects and discussions. The ability to inspire trust and develop strong rapport with people are skills that will be crucial to success in the digital economy.

Preparing for the CFA. If you want to pursue the Chartered Financial Analyst designation, you will find CFA preparations integrated into your coursework.

STEM-DESIGNATED FULL-TIME STUDY

STEM designation for full-time study allows international students on an F-1 visa to work in the U.S. for up to 36 months after their program completion. You would apply for up to 12 months of Optional Practical Training followed by an additional 24 months of OPT STEM Extension.

WHAT SETS D'AMORE-MCKIM APART

Top-Ranked. U.S. school ranked a top-50 national university by *U.S. News & World Report*.

World-class faculty. Your professors have deep experience leading in today's rapidly changing financial services industry.

Manage D'Amore-McKim's Endowment. The 360 Huntington Fund is an elective class in which you may manage a \$1M portion of the School's endowment.

Global alumni network. Our alumni are links in a supportive chain spanning six continents.

Personalized Career Support. Career preparation is integrated throughout your program through tools, workshops, and a career management class. Your advisor will help you refine your personal brand and job search strategy.

Working in the U.S., I am putting what I learned at school into practice. The projects and the networking opportunities better prepared me to be a professional.”

Jiao (Hannah) Li, MS in Finance, '15

Northeastern's D'Amore-McKim School of Business prepares people and organizations to thrive in a global business environment of rapid-fire change driven by converging digital technologies. The school develops leaders and innovators who are proficient in human, data, and technological literacies; global in outlook and entrepreneurial in mindset; and invested in lifelong learning for themselves and their teams.

Northeastern University

Founded in 1898, Northeastern is a global research university and the recognized leader in experience-powered lifelong learning. Our world-renowned experiential approach empowers our students, faculty, alumni, and partners to create impact far beyond the confines of discipline, degree, and campus.

Our locations—in Boston; the Massachusetts communities of Burlington and Nahant; Charlotte, North Carolina; the San Francisco Bay Area; Seattle; London; Toronto; and Vancouver—are nodes in our growing global university system. Through this network, we expand opportunities for flexible, student-centered learning and collaborative, solutions-focused research.

Northeastern's comprehensive array of undergraduate and graduate programs—in on-campus, online, and hybrid formats—lead to degrees through the doctorate in nine colleges and schools. Among these, we offer more than 140 multidisciplinary majors and degrees designed to prepare students for purposeful lives and careers.
