

# Graduate Certificate in Supply Chain Management

Northeastern University  
D'Amore-McKim  
School of Business

## FORGE COMPETITIVE ADVANTAGE THROUGH SUPPLY CHAIN BEST PRACTICES

A global and digital business environment requires skilled supply chain leaders who can respond to disruption with agility and confidence.

Earning your Graduate Certificate in Supply Chain Management from Northeastern University will position you for success with cutting-edge operations knowledge, preparing you to increase efficiency and cut costs in today's dynamic digital marketplace. You'll build confidence through applied project work and case studies, learning directly from the experiences of our excellent faculty, who are seasoned leaders, consultants, and researchers in the field of supply chain management.

In just four courses—with the option to take a fifth course to deepen your knowledge base—you'll build a strong portfolio of skills for optimizing supply chains from end to end, advancing your knowledge of sourcing, logistics, inventory management, and process control. You'll also have the opportunity to explore elective topics important to your professional goals, such as creating and managing sustainable supply chains.

Whether you're a current supply chain professional or a leader in a different function looking to deepen your supply chain knowledge, your courses will build your expertise in current best practices and innovative strategies for delivering goods and services efficiently and cost-effectively.

## WHY D'AMORE-MCKIM?

**Stackable credits.** With the successful completion of your certificate, you may be able to apply your credits toward an eligible master's program including our Part-Time MBA, among others.

### Learn it today, use it tomorrow.

You'll gain forward-thinking, relevant, in-demand business skills that you can apply to your position immediately or as you pursue a new opportunity.

**World-class faculty.** Learn from entrepreneurs and executives at top firms who have skillfully led through times of rapid change.

**Global alumni network.** Our 50,000+ alumni—founders, partners, directors, managers, and entrepreneurs truly enjoy giving back to our community.

**Career Management.** Career experts will help you make the most of your professional opportunities through workshops, events, and job search tools.

### Optional Practical Training

**(OPT).** International students that successfully complete their graduate certificate on our campus may become eligible for Optional Practical Training (OPT), allowing them to work for up to 12 months in the U.S.

**I sharpened my ability to think critically about high-level problems facing different types of companies, and the impact that they have on not only the primary consumer but further through the supply chain."**

Matt Serio, Graduate Certificate in Supply Chain Management '17

Northeastern's D'Amore-McKim School of Business prepares people and organizations to thrive in a global business environment of rapid-fire change driven by converging digital technologies. The school develops leaders and innovators who are proficient in human, data, and technological literacies; global in outlook and entrepreneurial in mindset; and invested in lifelong learning for themselves and their teams.

## Northeastern University

Founded in 1898, Northeastern is a global research university and the recognized leader in experience-driven lifelong learning. Our world-renowned experiential approach empowers our students, faculty, alumni, and partners to create impact far beyond the confines of discipline, degree, and campus.

Our locations—in Boston; Charlotte, North Carolina; London; Portland, Maine; San Francisco; Seattle; Silicon Valley; Toronto; Vancouver; and the Massachusetts communities of Burlington and Nahant—are nodes in our growing global university system. Through this network, we expand opportunities for flexible, student-centered learning and collaborative, solutions-focused research.

Northeastern's comprehensive array of undergraduate and graduate programs—in a variety of on-campus and online formats—lead to degrees through the doctorate in nine colleges and schools. Among these, we offer more than 195 multi-discipline majors and degrees designed to prepare students for purposeful lives and careers.
