

Corporate Residency

Experience the fast-paced world of accounting

Experience-powered learning is what we do best at Northeastern. In your three-month corporate residency, you won't be watching from the sidelines—it's a fast paced, exciting immersion into the day to day realities of working at a top accounting firm.

Throughout your residency, you will . . .

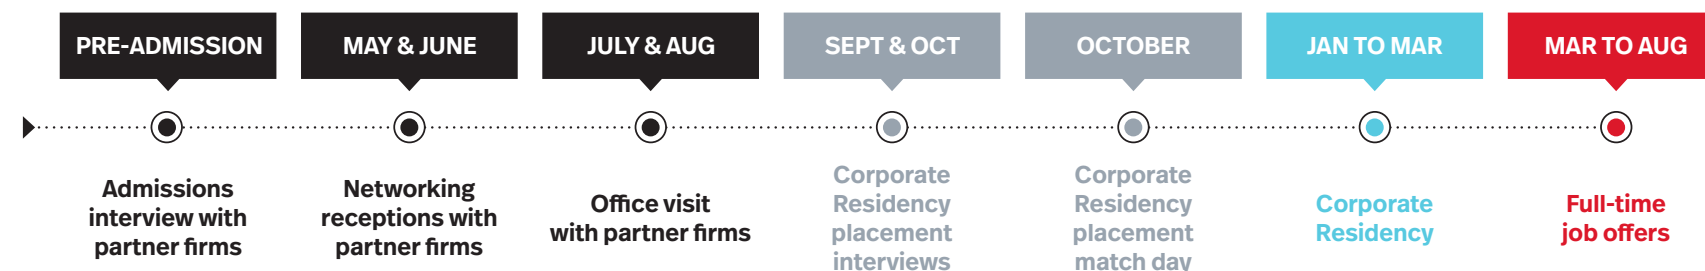

- work at the associate level during accounting's busy season
- think strategically and solve problems as part of a team
- receive one-on-one guidance from a seasoned mentor at your host firm
- apply the lessons you've learned in the classroom and gain professional industry experience

From this [corporate residency] experience, students get a good understanding of the expectations and responsibilities of an associate at PwC. They also get to meet people from different backgrounds who are at different stages of their careers and hear their stories about how they were able to elevate themselves and develop new skills."

Karen Pfeil, Partner at PwC, MS in Accounting/MBA '01

A defining moment for me in the program was the day I found out which firm I'd be working at for my corporate residency. It was so exciting, and it really flipped a switch for me that this was real—everything I was hoping for was finally beginning to happen."

Career Services

Employers value the intense preparation that our graduates receive, especially through the corporate residency, and it shows in our job placement rate for the program: 98% over the past five years.

Your dedicated advisor will be your partner and ensure that you have access to a range of tools and opportunities that can help you through all stages of your job search:

- Personalized guidance and coaching from an advisor to help you create the career you're passionate about
- Alumni panels to share insights on topics important to your future
- A professionalism workshop on building your career
- Resume review, mock interviews, and networking events with partner firms

Alumni Network

There's real power in a personal network, and genuine pride in getting a Northeastern education. You'll connect with loyal and active accounting alumni while earning your degree and long afterward. During your program, you'll meet and build relationships with former graduates through various opportunities like networking receptions and panel discussions.

The network is such a valuable asset. The number of people you'll meet that have ties to the program is endless. All those who came before you want to see you succeed and will be great resources for you during and after the program."
