

# FULL-TIME MBA, FALL 2021 Employment Statistics

The D'Amore-McKim Full-Time MBA program prepares students to achieve success in an ever-changing business world. Our students' employment success is the result of our rigorous academics that includes highly relevant interdisciplinary experiences and two concentrations, one of which may be in a unique non-business field through our signature MBA x concentrations. Students apply what they've learned to real business challenges during a corporate residency of three-, six-, or up to 12 months. This sets D'Amore-McKim MBAs apart and prepares them for the future of work.

“If you're willing to step up, the Graduate Career Center opens the door for you. They provide many opportunities to expose you to the industry and people through networking events. I've received a lot of support from them when applying for jobs and accepting my job offer.”

Malou de Kergret, MBA'22

“My MBA has given me the necessary knowledge and skills to become a consultant. The breadth of the curriculum gave me experience with finance, supply chain, healthcare, and innovation, something I would not have sought out on my own had it not been part of the program. I really liked that it took me out of my comfort zone to learn about these fields of study. Overall, my MBA has forced me to stretch my boundaries in ways I wouldn't have done on my own and has better prepared me to succeed in the consulting world.”

Camille Super, MBA'22

“While studying at D'Amore-McKim, I was hired for a one-year corporate residency. I largely credit this to the D'Amore-McKim Graduate Career Center, since they were so great at getting me through the application process. They worked with each of us individually and matched us according to what our envisioned career paths looked like.”

Y-Lan Nguyen, MBA'21
