

# Full-Time MS in Finance/MBA

Northeastern University  
D'Amore-McKim  
School of Business

## EXCEL WITH FAR-REACHING EXPERTISE

Advance your career with savvy financial skills focused on game-changing technological advances and backed by deep business know-how that'll make you an invaluable asset at any company.

### **This is no ordinary combined degree.**

With a focus on how new technologies and groundbreaking financial advances like cryptocurrency are reshaping the global marketplace, our future-forward Full-Time MS in Finance/MBA will transform you into an impactful leader who will thrive in the rapidly changing financial services industry.

### **Get experience with a paid corporate residency.**

Integrate classroom study with professional experience through a paid corporate residency of 3-, 6-, or up to 12 months. You'll become a valued member of a leading business or startup, fully integrating into its culture and working side-by-side with staff members and senior leadership to deliver organizational goals.

### **Choose from two curriculum majors.**

The Full-Time MS in Finance/MBA offers two in-demand majors, allowing you to tailor your degree to align with your professional goals. The Finance major is laser-focused on financial theory and practice while the Quantitative Finance major emphasizes the intersection of technology and business analytics with finance.

**Select a concentration.** With the Quantitative Finance track, you'll choose between two concentrations: Corporate Finance or Investments. With the Finance track, our faculty recommend Analytics as your business concentration. You'll also have the option to choose one of 21 in-demand concentrations, including

our one-of-a-kind interdisciplinary MBA x concentrations in highly relevant fields offered through partnerships with other Northeastern colleges.

### **Build applied investment experience as a student.**

Manage the student-run 360 Huntington Fund, a \$1 million portion of the D'Amore-McKim endowment, with an opportunity to earn academic credit. Make decisions with real-world implications while learning what it takes to run an actual mutual fund, including analyzing the finances of a company and writing original research reports about potential investments. You can apply for a high-level role right away or enter the fund as an analyst and work your way up as you gain experience.

## A WORLD OF BENEFITS

**World-class faculty.** Your professors are pioneering scholars and business leaders with deep experience and understanding of how data and technology are accelerating change in today's economy.

**Corporate partnerships.** Financial services leaders shape our curricula, lecture, lead workshops, collaborate with students on projects and micro-internships, and recruit our outstanding graduates.

**Global alumni network.** Our more than 50,000 alumni are made up of founders, partners, directors, managers, and entrepreneurs who truly enjoy giving back to our community.

**Personalized career support.** Your dedicated Graduate Career Center advisor will be available throughout your career to help you position yourself to excel as a leader in a rapidly changing financial services industry.

## ACCESSIBLE ADVANCEMENT

- F-1 visa compliant
- Complete your combined master's degree in about 2.5 years
- Gain professional experience through your corporate residency of 3-, 6-, or up to 12 months
- Select one of two tracks: Finance or Quantitative Finance
- Choose one business concentration
- Study in Boston, a global center of financial and business innovation
- Start your classes this September

**I received constant support and help from our professors. The faculty members not only supported us in academic ways, they also helped us in professional ways. Whenever I had any career doubts, I would consult with my professors and they would share their advice with me."**

Zuoyi Chen, MS in Finance '20

Northeastern's D'Amore-McKim School of Business prepares people and organizations to thrive in a global business environment of rapid-fire change driven by converging digital technologies. The school develops leaders and innovators who are proficient in human, data, and technological literacies; global in outlook and entrepreneurial in mindset; and invested in lifelong learning for themselves and their teams.

## Northeastern University

Founded in 1898, Northeastern is a global research university and the recognized leader in experience-driven lifelong learning. Our world-renowned experiential approach empowers our students, faculty, alumni, and partners to create impact far beyond the confines of discipline, degree, and campus.

Our locations—in Boston; Charlotte, North Carolina; London; Portland, Maine; San Francisco; Seattle; Silicon Valley; Toronto; Vancouver; and the Massachusetts communities of Burlington and Nahant—are nodes in our growing global university system. Through this network, we expand opportunities for flexible, student-centered learning and collaborative, solutions-focused research.

Northeastern's comprehensive array of undergraduate and graduate programs—in a variety of on-campus and online formats—lead to degrees through the doctorate in nine colleges and schools. Among these, we offer more than 195 multi-discipline majors and degrees designed to prepare students for purposeful lives and careers.
