

Part-Time MBA

Northeastern University
D'Amore-McKim
School of Business

INTEGRATE ACADEMIC THINKING WITH EXPERIENCE

Today, business is global, ever-evolving, and driven by technology. At D'Amore-McKim, we're ready to prepare you for the future of work. Here, you'll gain data, technological, and human skills, from creativity to an entrepreneurial mindset. Through our Part-Time MBA program, you'll learn skills critical for leadership in a world of rapid-fire change.

Experience is at the heart of everything we do.

Northeastern is the world leader in experiential education, which integrates classroom study with professional experience. By exploring real company stories, you'll learn to dream up new ideas and evaluate them in context, becoming a more resilient and creative leader. Your elective courses could take you on a five-day Washington, DC Residency or ten-day International Field Study related to your interests, building on your learnings and applying them to live scenarios.

Flexible scheduling. Progress at your own pace, taking one or multiple classes per week—you even have the option to take two classes on one weeknight if that fits your schedule best.

Learn it today, use it tomorrow.

You'll gain forward-thinking, relevant, in-demand business skills that you can apply to your position immediately or as you pursue a new opportunity.

Northeastern's D'Amore-McKim School of Business prepares people and organizations to thrive in a global business environment of rapid-fire change driven by converging digital technologies. The school develops leaders and innovators who are proficient in human, data, and technological literacies; global in outlook and entrepreneurial in mindset; and invested in lifelong learning for themselves and their teams.

Northeastern University

Founded in 1898, Northeastern is a global research university and the recognized leader in experience-driven lifelong learning. Our world-renowned experiential approach empowers our students, faculty, alumni, and partners to create impact far beyond the confines of discipline, degree, and campus.

Our locations—in Boston; Charlotte, North Carolina; London; Portland, Maine; San Francisco; Seattle; Silicon Valley; Toronto; Vancouver; and the Massachusetts communities of Burlington and Nahant—are nodes in our growing global university system. Through this network, we expand opportunities for flexible, student-centered learning and collaborative, solutions-focused research.

Northeastern's comprehensive array of undergraduate and graduate programs—in a variety of on-campus and online formats—lead to degrees through the doctorate in nine colleges and schools. Among these, we offer more than 195 multi-discipline majors and degrees designed to prepare students for purposeful lives and careers.
