

Online MBA Accelerated Curriculum Map

Welcome to a unique Online MBA, where twenty percent of your courses will be experiential.

Northeastern University's D'Amore-McKim School of Business prepares future-focused business leaders. The Online MBA program integrates business knowledge with an understanding of larger societal challenges, preparing you for a digital-first economy where you'll need to find creative solutions to complex business and pressing societal challenges. Through immersive projects, you'll tackle business challenges in actual organizations. You'll focus on complex issues where multiple approaches are possible and numerous solutions need evaluation.
